Provision for taxation for the year is Rs.95.66 Lacs (including Deferred Tax Provision) as compared to Rs.89.40 Lakhs in the previous financial year

B. MACRO ECONOMY: REVIEW AND OUTLOOK

Financial Year 2017-18 was one of the positive years for global economy and markets. With the accelerating of growth, liquidity, and contained inflation has resulted in strong rally in risk assets with low volatility.

For India, Financial Year 2017-18 was marked by a number of key structural initiatives to build strength across macro-economic parameters for sustainable growth in the future with reforms continuing to take place and an improving export performance. The much awaited GST was finally rolled out in the year and though the implementation did lead to initial hiccups, things are settling down and getting better now.

The growth in the first half of the year suffered despite global tailwinds. However, the weakness seen at the beginning of 2017 has seemed to have bottomed out as 2018 has set in. Currently, the economy seems to be on the path to recovery, with indicators of industrial production, stock market index and exports having shown some positives. We believe that India's economic outlook has been promising for 2017-18 and is expected to strengthen further in 2018-19.

The biggest challenges for 2018 are as to how the economy can maintain its recovery in the face of increasing inflationary pressures, coupled with a higher fiscal deficit as well as an increasing debt burden.

C. OPPORTUNITIES AND MARKET ENVIRONMENT:

The Indian economy seems to have started on the road to recovery as it reclaimed the position of the fastest growing economy. The overall GDP growth seen by the Indian economy during the financial year that ended on March 31, 2018, stood at 6.7 per cent, according to the government data. The Indian economy had posted the GDP growth of 7.1 per cent for the previous financial year.

The Indian economy has also moved past the disruptions caused by the implementation of Goods and Services Tax (GST) in mid-2017, adding that manufacturing output and industrial production have continued to firm since then. On the positive side, our country remains the fastest growing major economy in the world. During the year, there was significant improvement on the 'twin deficit' front. Your company continues to believe in investing in companies, which have good potentials and in specific sectors that will do well in times to come.

D. FUTURE PROSPECTS :

The global projections are that India will see its gross domestic product (GDP) grow at a rate of 7.3 per cent during the ongoing fiscal and at 7.5 per cent in the two succeeding ones.

India registered growth rate of 5.6 percent, 6.3 percent and 7 percent in Q1, Q2 and Q3 of 2017-18, respectively whereas Q4 was 7.7 percent.

The report also forecasted that the recovering Indian economy will also help economic growth in South Asia region to accelerate to 6.9 per cent in 2018 from 6.6 per cent in 2017.

It is your Company's belief that businesses can bring about transformational change by pursuing innovative business models that synergies the creation of sustainable livelihoods and the preservation of natural capital with enhancing shareholder value.

Annexure B to the Independent Auditors' Report

Re: Mukesh Babu Financial Services Limited

The Annexure referred to in our Independent Auditors' Report with reference to the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") to the members of the Company on the Standalone Financial Statement for the year ended 31st March 2018.

We have audited the internal financial controls over financial reporting of **Mukesh Babu Financial Services Limited** ("the Company") as of March 31, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date:

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls issued by the Institute of Chartered Accountants of India.

These responsibilities includes design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's Internal Financial Controls over Financial Reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by The Institute of Chartered Accountants of India and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, the guidelines issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depends on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (a) pertain to the maintenance of records that, in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company;
- (c) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as on 31st March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls issued by the Institute of Chartered Accountants of India.

- (c) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the assets of the Group that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as on 31st March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls issued by the Institute of Chartered Accountants of India.
