### B. MACRO ECONOMY - REVIEW AND OUTLOOK:

Macro-economic instability on account of fallout of COVID-19, global politics and trade tensions and Government actions in the aftermath have created an extremely volatile macro-economic environment.

For India, Financial Year 2019-20 started on a good note. However, the countries world over got hit with corona virus COVID-19 pandemic since January 2020 which has since then caused a lot of disruption. It has not been limited to retail or large giants but businesses & lives of people globally.

The biggest challenges for India in 2020-21 is to bring the Economy, which is expected to contract by over 5% in the Current year, back to track in the face of increasing COVID spread and severe panic caused and financial repercussions of restrictions of lockdown norms, inflationary pressures, coupled with a higher fiscal deficit as well as an increasing debt burden.

Although the borrowing rates have fallen in the Markets due to reduction in the repo rates, lending Institutions (including NBFCs) continue to face uncertainty caused by Reserve Bank of India's Policies relating to deferment of repayment of loans/ installments.

**C. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY**

The internal control systems and their adequacy have been discussed in detail in the Directors' Report.

**D. OPPORTUNITIES AND THREATS IN THE CURRENT MARKET ENVIRONMENT AND FUTURE PROSPECTS:**

The silver lining for the Company was that the Stock Markets being declared as the "essential services" by the Government enabled it to continue functioning even during these months of Lockdown, causing less disruption as compared to the other sectors. However, with the continuing uncertainty lurking around the economy & Markets world over it's difficult to fathom as to what the months to come have in store for the sector.

#### **Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (a) pertain to the maintenance of records that, in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company;
- (c) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as on 31<sup>st</sup> March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls issued by the Institute of Chartered Accountants of India.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Group's Internal Financial Controls over Financial Reporting based on our audit. ### **Meaning of Internal Financial Controls Over Financial Reporting**

Internal financial control over financial reporting of the Group is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. Internal financial control over financial reporting of the Group includes those policies and procedures that

- (a) pertain to the maintenance of records that, in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the company and its subsidiary company;
- (b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company and its subsidiary company;
- (c) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the assets of the Group that could have a material effect on the consolidated financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Group has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as on 31<sup>st</sup> March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls issued by the Institute of Chartered Accountants of India.
